## Key Info

### Kurt's Cutting Table Dimensions: 74" x 392"

- Mats exceeding these dimensions may require seaming

### Shipping

- All mats are rolled with cardboard cores and wrapped in shipping paper.
- Rolls can be additionally wrapped in plastic (poly furniture cover) for further protection on request.

### Beresford

- Logo's are glued together using their proprietary chemical weld & adhesive remover

### Cactus Mat

- All logo's are for install only, no edging or non-skid offered (our adhesives do not comply with CA Prop 65 to be shipped - according to Cactus Mat)
